

FRESH NEWS

Who is Behind The

Garden? Aside from the incredible friends who have volunteered their time and beautiful ideas, Senior Director, Jennifer Smith, began this organization by establishing grants to get us started, organizing the growth of the garden, and growing our volunteers. Anne Frankovich, Director of Content Development, is the creator of the new website, blogs, updates, and social media development. We recently welcomed the most important member, Michele McCaleb, our Master Gardner who will be volunteering her time and knowledge to help us create a space that will produce literal tons of food, each year. It's President Trump. Now What?

No matter where you reside on the political spectrum, the here-and-now issues remain the same: unless you have been blessed to hold on to a white-collar job and investments in 2024, food prices are going up and people are going hungry just to keep a roof over their head, and the lights kept on. We are so happy you have joined us as a subscriber! Let's make a difference.

Where To Grow from Here

The Round Urban Garden is making strides to become another pillar of the Longmont community by preparing for a massive garden expansion in the Spring, setting up volunteering programs, and partnering with local schools and organizations to help support our communities in need. We are a 501(c)(3) urban agricultural garden located...
